# GUTTER DOPE

VOL 55, NO 5 SAN ANTONIO RADIO CLUB APRIL 1, 1955

PROGRAM

SIGNAL TO NOISE RATIO IMPROVEMENT CIRCUITS

The program Friday nite will be presented by a well known figure among local hams, John Dunlavy, W5LHI.
Some of the concepts involved in signal to noise improvement circuits will be brought out, with certain new principals associated specifically with audio signal to noise improvement. The speaker has developed a circuit now being patented which has produced astounding results especially applicable to CW work.

TIME: 8:00 P.M. April 1, 1955
PLACE: Woodlawn Lake Clubhouse (Cincinnati Avenue just west of Zarzamora.)

---

FIELD DAY

Field Day is'nt too far off and we will probably be in the middle of it before we realize what has happened.
At the last club meeting, Al mentioned that he would get the planning started at the meeting coming up Friday.
We suggest everyone start planning what Band they would like to work, and by all means start testing their gear they intend to use.

---

ATTENTION SARCEN

It's time to elect -- new net officers again, so all the SARCEN members interested please come to the meeting Friday Nite and help select your new NCS and alternates for the next quarter.

---

TRANSMITTER HUNT

The last transmitter hunt was a very close one. Seems as tho Bob and Howard were so close together they both seemed to think the other should be declared winner. As it stands, Bob, JHH, will hide Sunday, barring prohibitive weather. The hunt starts at 1:30 at Olmos Park where speedometer readings are taken.

---

GUTTER SWEEPIN'S

While Xmtr hunting last time, KQG was stopped by a curious motorist who asked if "that thing" on the side of her car was a geiger counter --- We have a correction to make. In the last Gutter Dope we said that the W5BA's had a new girl we were somewhat embarrased when Tony informed us that it was a "BOY" --- Somewhat surprised to learn Jimmy, W5JC, has bought a new tape recorder to use with his Hi-Fi geiger counter --- Bob, RSD, and Aileen moving to Lytle on or about the 11th of April --- Just learned that George, LFG, will be around next week for a brief visit before going to an assignment in New Jersey --- new mobile on in San Antonio, John, W5VI, with Bob, GIK, promising to be mobile soon -- That's all -- see 'ya Friday.

---
